As the Great Resurrection Temple opened its doors to the mankind of Earth, the pure white Flame from Its Heart reached up beyond the ten thousand foot level, opening the door into the Octave of Light, and connecting the Resurrection Temple on Earth with the Ruby Temple of Jesus and Mary in the Sixth Sphere.

It was a beautiful and majestic sight to see the Brothers and Sisters of the Resurrection Flame in Their white robes embroidered with the lily, honoring the Presence of that Resurrecting Power, without which no man can enter into his Christ Estate.

As We had celebrated Ascension Day on the evening preceding the first public meeting (the 15th of May), the tremendous currents of the Master Jesus had greatly accelerated the power and intensity of that Flame, and Its pulsation could be felt that evening by even the unawakened outer consciousness of those living in close physical proximity to the Holy Land.

As the Flame was directed around the Earth and accepted through the cooperative endeavors of the beloved students, We endeavored to charge the feeling, power and Mastery of Our own Consciousnesses into each one's acceptance of that Restorative Power to act within his own conscious world and personal activity.

Because the great Powers and Foci of the God

Authority are only as important to the mankind of Earth as their acceptance of Their reality will allow them to be, I, who have used the Resurrection Flame to bring forth the beauty of each Springtime, can bear witness to this great impersonal and potent power, and it is My hope that My FEELING of the Power within the Resurrection Flame to act in the lifestream of every chela will, perhaps, pierce through the outer consciousness sufficiently so that each one may grasp that Power and set it into action in his own world.

The Beloved Master Jesus spoke on the Ascension and He told, so simply, the story of the conscious descent of the individual lifestreams into form, and explained that the moment of the Ascension for each individual was determined by the specific service that lifestream was destined to render in the evolution of the planetary scheme, and that it was not necessarily merit which allowed some individuals to complete their course more quickly than others, but sometimes it was that their service was completed in a shorter time, for none may return Home until the fiat of His own God Self (which forms the motivating power by which the lifestream incarnated) is successfully accomplished. Then, and then alone, does the Call of the Presence come, and the individual, his service completed, may, if his inner bodies are in order at the completion of that service, accept his Freedom.

Here again, however, is the fine point of the Law. The service of the lifestream may take the soul down the whole course of history, and the circle of that ego's completed incarnations encompass the entire recorded time in the history of the planetary evolution; or the circle of the

lifestream's service may be a small one, requiring perhaps no more than two or three incarnations; but, in the performance of that service, whether it is as early as the Spring Violet or as late as the Autumn Aster, the condition of the inner bodies will determine how long after the service is completed it will be before the soul may accept the release from the service and return Home.

Those people whose service is well done, if they have not 'soiled hands' or 'muddy feet' or 'impure hearts', may enter at once into the glories of the Kingdom.

This portion of the Law has not been elaborated upon, but I bring it to your notice because at the instant that the Master Jesus completed His Mission, the condition of His inner bodies and soul was such that He could accept the Freedom and Ascension into the Heart of His Electronic Body. Other blessed ones, in the long tedious course of living and service, when the final line which marks the periphery of their outgoing activity is reached, and by Cosmic Law they should be released from the wheel of birth and rebirth as the Christ Self speaks the words: "It is finished", find that, in their service, they have so distorted the condition of their inner bodies that they are not ready to accept the invitation of the God Self without some purification and the re-establishment of harmony and balance within the instruments of service.

Beloved Jesus, in speaking, described the necessity, while serving, for the soul to find time to prepare itself through the clarity of peace and balance of Purity of the inner bodies so that when the mission is fully accomplished,

it may not be necessary to spend centuries of personal application which is required to redeem the instruments by which the mission was accomplished, before they enter the Kingdom in Its fullness.

This is an action of the Law which must be stressed through the consciousness of mankind, and it is one reason why We are enabled to give more than ordinary assistance to certain lifestreams to balance and purify the distortion of the inner bodies which has resulted from a personally rendered service.

The address was tremendously instructive in its simplicity, and particularly efficacious because the consciousness of the Christian World, as well as the chelas, has accepted the Ascension of Jesus and are willing to listen to the Word because He manifested this Activity in action.

I would ask each student to make daily preparation in learning, through the control of the energy of their various bodies, to reach that Peace Haven within themselves in their dealings with others, that if their call should come in any hour, that the condition of their inner bodies might be such that they could slip easily into the Glory of the Kingdom and not be detained in some lower sphere until the energies of the inner bodies are fully redeemed and the lower nature entirely transmuted into the Divine.

Blessings and Love,
